Our first class will feature the famous and popular **KOULOURAKIA**. You will work side-by-side with our instructor, learning how to assemble, roll, and decorate these fluffy yet crunchy cookies!

You will leave with not only hands on experience and a live demonstration, but two recipes and your own rolled baked cookies to share with your family and friends!

Our instructor for this session, **Betsy Palis**, is a second-generation Greek American who has made Koulourakia since she was a child following her mother around the kitchen. Her parents hailed from the islands of Crete and Chios, and family gatherings always featured Greek cooking including traditional home-made sweets.

Betsy fondly remembers the delicious and beautiful Koulourakia her artistic grandmothers would create, and is pleased to share these techniques at our workshop.
